## Mathnasium First Steps (K to 2<sup>nd</sup> Grade)

The First Steps program is for students who are going to enter Kindergarten, 1st or 2nd Grade next fall. It offers instructor led 50 minute workouts twice a week. Your child will learn math with oral and written exercises and by using math games & puzzles. Your child will be placed in a small skill-level appropriate group where they will get individualized attention and learn at their own pace. Our goal is to teach each child not to fear math by visualizing how numbers work and to ask frequent questions to get a better understanding of the basics of Math. This summer Mathnasium is offering two 5 weeks sessions or the option to enroll your child in a 10 weeks session at a substantial discount.

Session A: June 22 to July 24 – \$199
