

# Christmas Brain Teasers!

## Question One

$$\text{Gingerbread Man} + \text{Gingerbread Man} + 3 = 23$$

$$\text{Gingerbread Man} + 5 - \text{Christmas Tree} = 11$$

$$\text{Christmas Tree} + \text{Stocking} \times 1 = 10$$

$$\text{Gingerbread Man} - \text{Christmas Tree} - \text{Stocking} = ?$$

$$? = \underline{\hspace{2cm}}$$

## Question Two

It takes Rudolph 11 minutes to fly all the way around Australia. If Rudolph starts at 11:15pm and travels around the country exactly 6 times, what time will it be when he's done?

**Answer:**
